

All children will be enthused about science and learning about the world we live in through working together on our hands on, enquiry based approach that creates the scientists of the future.

Children make good progress.

Children are having fun and are keen to learn.

Children are given real, hands on experiences.

Children are given the opportunity to work collaboratively.

Children learn outside the classroom.

Scientific enquiry is evident throughout the science curriculum.

Science teaching and learning at Parkstone is good when...
